Honourable General

Sub:- Restoration of the A.K. Boarding Home Building near Maharaja Park Hassan for Harijan's Use.

2. Release the premises for Harijan Community Hall.

Your sympathetic letter of the 22nd August last conveying us that your kindself, when back to Bangalore on 15th Sept'79 and when, if nothing has happened till then, you will meet and speak to the Chief Minister etc. While conveying our heart felt gratitude for the same, we pray permission to convey the latest developments as follows

On your contact with the Education Minister Shri Subbaiah Setty and on his demi official letter to the Chief Minister, the Chief Minister when he had visited Hassan on 24.8.79 for the political conference, when we submitted a memorandum to him, he recollected your interest in the case and called the Deputy Commissioner Hassan and issued instructions to decide the matter and to furnish report. Of course the local M.L.A'S Sriyuths Harnahalli Ramaswamy, K.H. Ramuregowda and the District Congress President Shri- Nalluregowda impressed the Chief Minister about the genuine claims of Harijans.

The Deputy Commissioner, visited and inspected the A.K. Boarding Home premises and assured to help with a condition that a little time is required to find a suitable alternate premises to shift the Certified School for restoring the A.K. Boarding Home and he has no objection to release the site immediately and he would make a report to the Chief Minister favouring us with a copy of the same. From 24.8.79 till this day though we have been approaching him there is no hopeful response.

The way it is dealt with here, we are afraid and think that there may be some tactics to gain time and finally to avoid us and deprive us our legitimate claim with some plea or other as as has happened all these years. We have requested our Sangha adviser Shri Shri. D. Hanumanthaiah to contact you on the 15th Sept'79 morning.

This is for your kind information.

Thanking you Sir.

Yours faithfully,
Kamala Kalivеer
(KAMALA KALIVEER)
MRS SIDE T.

Have spoken to CM already. 10/9.
